Kawash ma is still an incredibly d rty guy in rea. ty Those guys are nothing but ununderstandable, right, Gorou?

Don't be decei-ved.
f you join with them, power is every-thing

You're the one who made Kawashima lose his marbles, isn't that right?

You're the one flaming the fan good job.
!

So, you guys kept relying on him for stuff
He realized that until now, he felt he was being used

t wasn't because he wanted h s friend's trust, but

He realized that to become the top, in the end, he needed that trust

W- what? I-...!

What you were telling that guy earlier was spot on

The reason Kawashima snapped wasn't because the enemy clan was crushed

That speech you gave made all these guys withdraw their trust

So the one who instigated this rule by power, was you

Gorou, don't trust a word from this enemy!

W what are you saying I don't understand a word of it!
